### **Burleigh County Providing Larvacide Briquets**

Bismarck, ND—Burleigh County is selling larvacide briquets to help residents deal with mosquito issues due to stagnant water on their property. One briquet treats 100 square feet of shallow water, with no current, and lasts up to 150 days—the entire mosquito season!

Residents can purchase the briquets for \$3 each at the following location:

Burleigh County Extension Office  
3715 East Bismarck Expressway  
Monday – Friday, 8:00 am – 5:00 pm

An instructional sheet will be provided which details the ingredients, direction for use, and how to apply. No applicator's license is required to purchase the briquets, and the only personal protective equipment needed is rubber gloves.
