

This staff gauge is located on Hwy 83, approximately 1/2 mile north of 102nd Ave SE, or just north of the Moffit County shop. The gauge is located on the west side of the road just south of the bridge on a power pole near the right of way. This location is the 1st location on Long Lake Creek. This water usually pushes up from Long Lake and dumps into McKenzie slough. The reading on this gauge simply indicates a rise or fall of the creek level at that location.

<u>DATE/TIME</u>	<u>LEVEL</u>
4/4/11 3:50 PM	0.0
4/5/11 9:55 AM	0.0
4/6/11 8:45 AM	0.0
